

DROP IN CENTER COORDINATOR

MISSEY, Inc. (Motivating, Inspiring, Serving and Supporting, Sexually Exploited Youth) is a community-based organization in Oakland, CA, founded in 2007 to respond to the needs of commercially sexually exploited children. We are a survivor-centered organization supporting young people, age 12-24, through direct services including intensive case management, one to one mentoring, and a daily drop in center. In addition to providing direct services, we work diligently for systemic change and contribute to the growing movement to end commercial sexual exploitation. Commercial Sexual Exploitation is a serious human rights issue that deserves a powerful, collective response.

Position Summary

The Drop-In Center is a space for victims and survivors of commercial sexual exploitation that provides a safe environment where they can learn new life skills, build peer relationships, access resources, receive crisis support, and build internal resources that reduce their vulnerabilities to being re-victimized by the commercial sex industry. The Drop In Center Coordinator ensures that programming in the Drop In Center is gender specific, culturally responsive, trauma informed, strength-based, and developmentally appropriate (GCTSD), as well as informed by survivors of commercial sexual exploitation. Under the supervision of the Prevention and Outreach Manager, the Drop-In Center Coordinator is responsible for developing and maintaining drop-in center services, including peer-support and transition services to survivors accessing the drop-in center. The Drop In Center Coordinator serves as a role model for survivors accessing the space and leads all activities and support services for the center. The Drop In Center Coordinator involves the community in the drop-in center as volunteers and is an important part of MISSEY's volunteer program. Additionally, the Drop-In Center Coordinator works within the limitations of MISSEY's resources and in compliance with grants, contracts and agency policies and procedures.
